Office of WHOLE CHILD Supports

Suggested Telehealth Vendor List

Telehealth Vendor List

The vendors listed below responded to GaDOE's Request for Information (RFI) during the designated submission period. The purpose of the RFI was to gather information on potential service providers, offering a starting point for Local Education Agencies (LEAs) seeking these services. LEAs that choose to implement telehealth services using the Student Mental/Behavioral Health Service Grant may consider vendors who participated in GaDOE's RFI process.

Please note that this information is provided for reference only and should not be interpreted as an approval, recommendation, or endorsement of any vendor.

Each vendor's RFI submission is linked in this document.

A & R Clinical Services Crisis Management

Atrium Health - Behavioral Health Service Line

Grace Harbour Inc

Hazel Health, Inc

NE Beautiful Mind

Preventive Measures

Timely Care

Uwill

LEAs can only spend Student Mental/Behavioral Health Services Grant funds on the activities outlined in the Student Mental/Behavioral Health Services Grant Overview. The restrictions do not apply to the use of other funds by LEAs for mental health purchasing or programing. Grant funds should supplement, not supplant local, state, and federal funds for mental health services.
